

RIS4CIVIS

6 TRANSFORMATIONAL MODULES

MODULE 1 - DEVELOPING A COMMON RESEARCH & INNOVATION STRATEGY

What topics must our strategy address, and how can we work on them together?

MODULE 2 - SHARING INFRASTRUCTURES

Is it possible to facilitate access to research infrastructure across our Alliance, offering researchers new opportunities and increasing the impact of our work?

MODULE 3 - REINFORCING ACADEMIA - BUSINESS R&I COOPERATION

Cooperation with regional ecosystems is a vital link in the innovation chain. Could it be strengthened by European university alliances like CIVIS?

MODULE 4 - STRENGTHENING HUMAN CAPITAL

Which ambitious common standards on working conditions and career development can help CIVIS attract and retain the best research talent?

MODULE 5 - MAINSTREAMING OF OPEN SCIENCE

Can CIVIS take Open Science from vision to practice with a common approach and supporting for implement this new paradigm for research?

MODULE 6 - EMBEDDING CITIZENS & SOCIETY

Engagement with citizens and civil society is at the heart of CIVIS, so what will this mean in the research domain?

3 STAGES OVER 3 YEARS

January 2021 – December 2023

1 - BENCHMARKING

Establishing an inventory of current practices and resources while identifying the barriers we face in enhancing cooperation on R&I.

2 - CONSENSUS BUILDING

Mapping the ways we might work together on R&I and selecting our shared priorities.

3 - VALIDATION THROUGH CASE STUDIES

Putting our ideas into practice to test and evaluate vital aspects of the proposed strategy.
